The World, I Guess

by George Bowering

EDITION: Paperback

tagged : canadian

The World, I Guess is a substantial book, six sections that demonstrate a command of a broad poetic range, a catholic range of interests, and echoes of a lifetime of reading and learning from Pound, Williams, Stanley, and others. The centrepiece is "The Flood," a long, complex, discursive poem whose subject is poesis and whose interest is in the world around the writer. But the book ends with a suite of translations of the "modern" Canadian poetry canon, from Charles G.D. Roberts and Archibald L ...

for love and autonomy

by Anahita Jamali Rad

EDITION: Paperback

Anahita Jamali Rad's debut book of poetry juxtaposes Marxist economics with pop culture lyrics, from FKA Twigs to Sonic Youth, tangling the "You & I" of relationships and social identification. She asks: How is it possible to communicate when the "I" speaks from the margins? Who is the "I" when Motown's doo-wop and post-punk's Telecaster jangles shake up the body's rhythm?

for love and autonomy speaks from a place of discomfort, where internalized pop songs mutate communication and mean ...
